Plastic Chain & Standpole

A reputation of any Organization depends upon the work environment, disciplined code of conduct and safety measures taken to avoid accidents. For this purpose importance of demarcation of various areas is necessary. We have developed Plastic StandPole and Chain for demarcation which is decorative as well, that enhances the aesthetics of your organisation.

PLASTIC CHAIN is made of High density Polythene/polypropylene and is light weight, durable, economical and maintenance-free. Available in many attractive colour combinations such as White & Red, White & Orange, White & Green, Red & Yellow, Black & white and Black & Yellow. It is also available in any single colour. It can be supplied in any specific colour combination other than mentioned above for orders over 200 meter length.

STANDPOLE assembly consisting of base, pole units, connectors, chain holder cup and display fixture is supplied as separate parts to facilitate handling and transport. STANDPOLES can be assembled with the chain in a very short time giving you an attractive yet most convenient demarcation, partition or fencing. The height of the poles is adjustable. A special display fixture is provided at the top of the poles where you can exhibit any display such as monograms/symbols or instructions such as IN, OUT, STOP, GO, etc.

PLASTIC CHAIN and STANDPOLES have wide range of applications. Few of them are :

Demarcation at Offices, Factories, Workshops, Seminars, Exhibitions, Conferences. Parking places in Housing societies, Hospitals, Gardens, Banks, Schools and Colleges and other public places. Sports complex - as a fencing to the playing arena for Indoor and Outdoor games, Swimming Pools, etc. for tournaments & competitions. Decoration of Halls, Stalls, Shops, Showrooms and as domestic Room Dividers. Petrol Pumps, Hotels, Lodges, Wedding Halls and specially around Flagpoles... and practically anywhere you need a convenient and decent demarcation, partition & fencing.
